EXPERIMENT NO:08

Experiment 8: Public Land Mobile Network (PLMN) Infographic Using Figma

1. Aim

To create an infographic explaining the concept and components of a Public Land Mobile Network (PLMN) using Figma.

2. Requirements

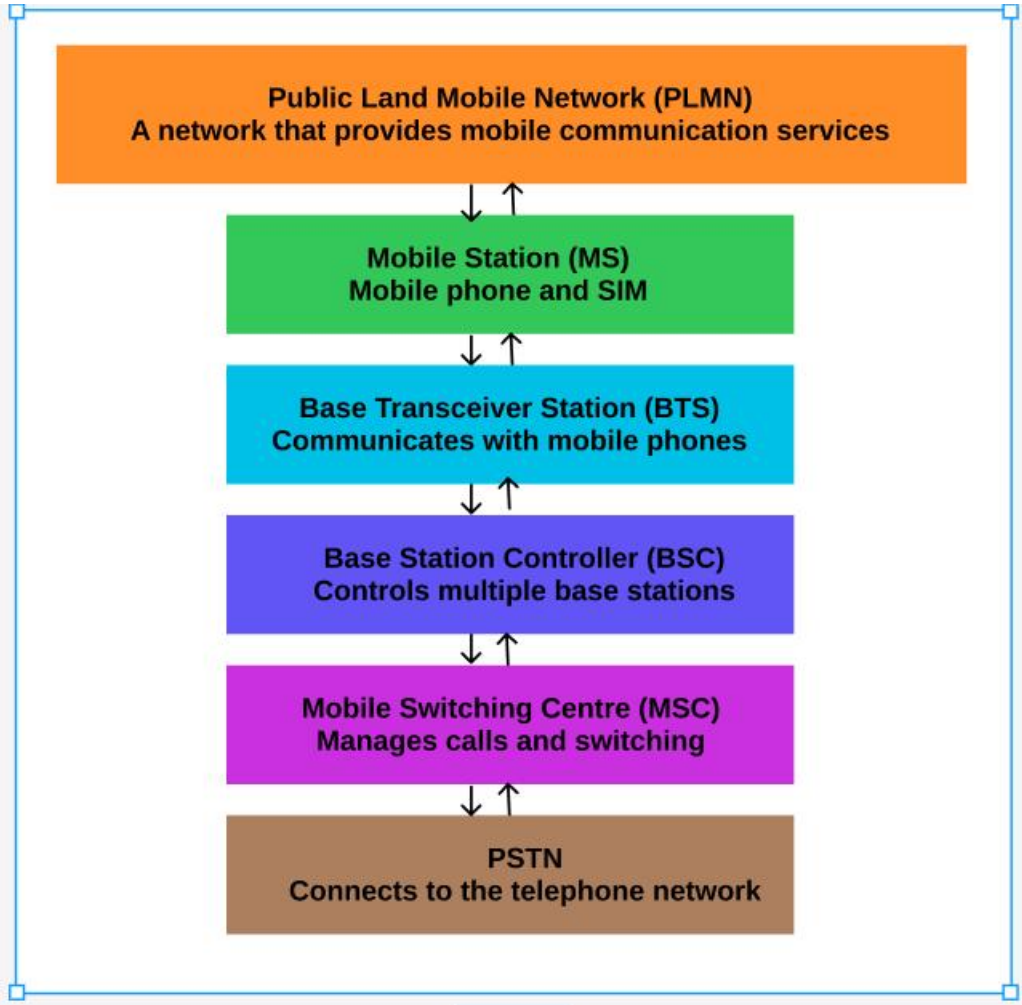

- Figma
- Web browser
- Internet connection

3. Procedure

1. Open Figma.
2. Click New Design File.
3. Press F and select a desktop frame.
4. Add the heading Public Land Mobile Network (PLMN).
5. Create boxes for the main components:
    - Mobile Station (MS)
    - Base Transceiver Station (BTS)
    - Base Station Controller (BSC)
    - Mobile Switching Centre (MSC)
    - Public Telephone Network (PSTN)
6. Connect the boxes using arrows.
7. Add a short description below each component.
8. Use different colours and suitable icons.
9. Click Present to view the infographic.

4. Output

An infographic showing the main components of a PLMN and how mobile phones connect to the telephone network.

5. Result

Thus, an infographic explaining the Public Land Mobile Network (PLMN) was created using Figma.
