EXPERIMENT NO:13

Experiment 13: Mobile Communication vs Mobile Computing Using Figma

1. Aim

To design an infographic in Figma comparing mobile communication and mobile computing.

2. Requirements

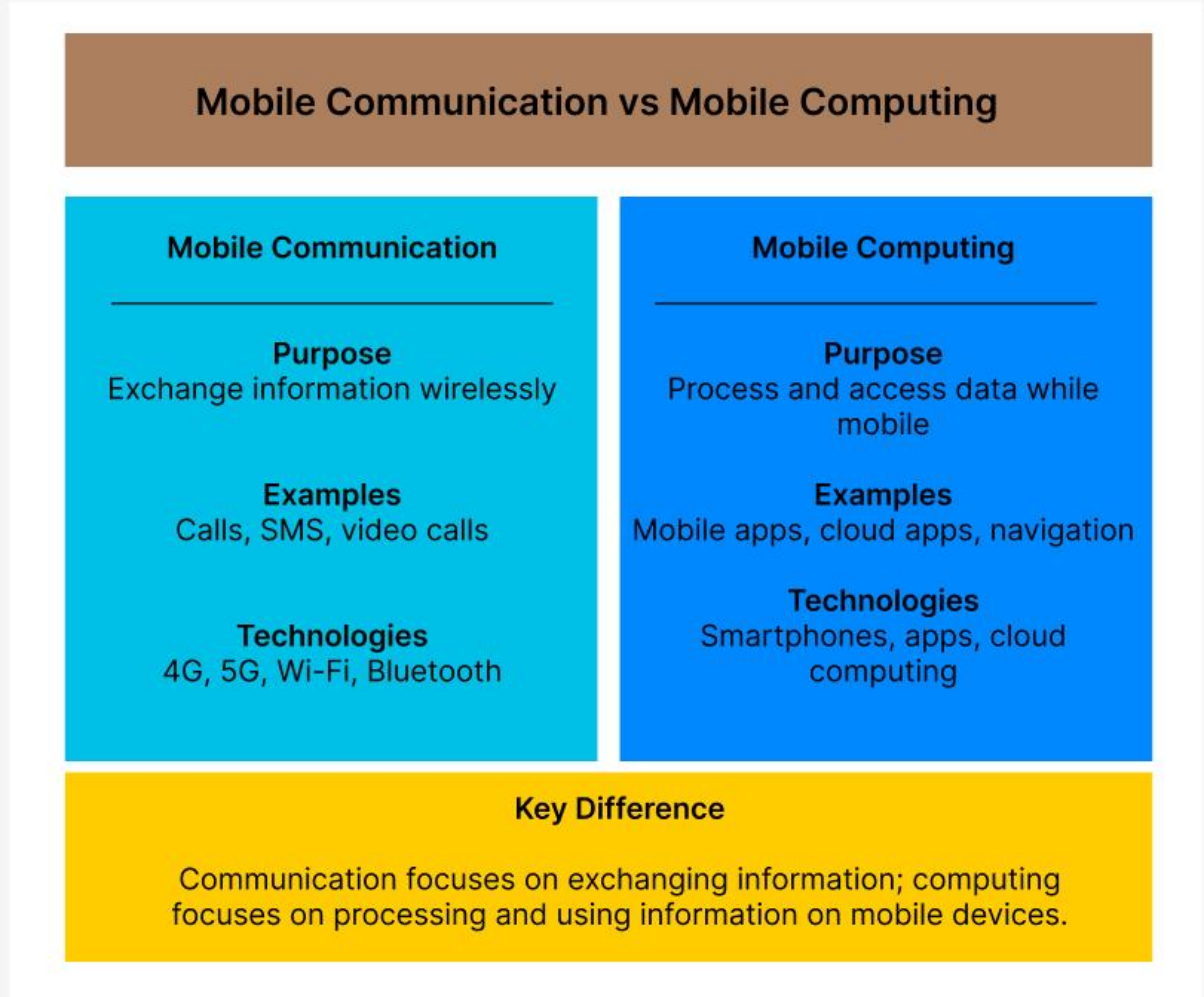

- Figma
- Web browser
- Internet connection

3. Procedure

1. Open Figma and create a new design file.
2. Press F and select a desktop frame.
3. Add the heading Mobile Communication vs Mobile Computing.
4. Divide the frame into two sections.
5. In the first section, add information about mobile communication.
6. In the second section, add information about mobile computing.
7. Add icons, colours and short descriptions.
8. Arrange both sections neatly and click Present to view the infographic.

4. Output

An infographic comparing the purpose, examples and technologies of mobile communication and mobile computing.

5. Result

Thus, an infographic comparing mobile communication and mobile computing was designed using Figma.
